

STUDY MATERIAL

Distinguish Between:

1.	<p style="text-align: center;">Marine Fishing</p> <p>* Fishing is carried out in oceans and sea</p> <p>* Large mechanised boats are used for fishing.</p>	<p style="text-align: center;">Inland fishing</p> <p>Fishing is carried out in lakes, rivers, ponds estuaries, backwaters and swamps.</p> <p>Catamarans, diesel boats and floating nets are used for fishing</p>
2.	<p style="text-align: center;">Food Crops</p> <p>* Crops which are cultivated for human consumption are called food crops</p> <p>* Food crops include rice, pulses, cereals and millets.</p>	<p style="text-align: center;">Non-food crops</p> <p>Crops which are cultivated for commercial purposes are called non-food crops.</p> <p>Fibre crops like cotton and Jute are examples of non-food crops.</p>
3.	<p style="text-align: center;">Surface Water</p> <p>* It includes river basin, reservoirs and tanks.</p> <p>* The total surface water potential of the state is 24, 864 mcm</p>	<p style="text-align: center;">Ground Water</p> <p>It includes tube wells and open wells.</p> <p>The ground water resource of the state is 22, 424 mcm</p>

Give Reason:

1. Farmers switch over from inorganic to organic farming because the central scheme named National project on organic farming provides financial assistance for agro-waste, compost production units, bio fertilizers units, development of quality control regime etc.,
2. Because of Industrial development, network of transport and employment opportunities.
3. Textile industries are highly concentrated in Karur. So Karur is called the Textile capital of Tamil Nadu.
4. Hundreds of devotees visit temples during temple festivals. Due to lack of security and volunteers to regulate the crowd.
